December 22, 2011

Mr. Lars Seifert, Manager
Imperial County Public Health Department
Division of Environmental Health
797 Main Street, Suite B
El Centro, CA 92243

**Subject: Request for Approval of a Twelve Month Extension of Compliance Schedule
(Notice and Order EA-2008-04) for the Brawley Solid Waste Site, Facility
No. 13-AA-0008, Imperial County**

Dear Mr. Seifert:

I have received and considered your agency's December 8, 2011 request to extend the compliance schedule by an additional twelve months beyond the two year period from the Brawley Solid Waste Site being included on the Inventory of Solid Waste Facilities Which Violate State Minimum Standards on June 16, 2010 for the ongoing violation of Title 27, California Code of Regulations, Section 21110. I hereby approve your request to extend the compliance schedule to include a final compliance date of June 16, 2013.

CalRecycle staff are encouraged by the efforts of the current Director of the Imperial County Department of Public Works to address the ongoing violations. Staff also commends the LEA for its continued diligence in pursuing that the violations are corrected and that full compliance with applicable state minimum standards is achieved. Please forward a copy of the Notice and Order for Penalty Assessment EA-2011-06 with the updated compliance dates following issuance. It is recommended that the owner/operators progress to meet the compliance dates also be reflected in your monthly inspection reports in order for us to update our database with the dates met or past due.

Thank you for your work in the matter of the Brawley Solid Waste Site and in your commitment to partnership with CalRecycle staff. If you have further questions regarding this letter, please contact Ms. Georgianne Turner, Manager of the Solid Waste Enforcement Section at (916) 341-6429 or at georgianne.turner@calrecycle.ca.gov.

Sincerely,

A handwritten signature in blue ink that reads "Lorraine Van Kekerix".

Lorraine Van Kekerix, Branch Chief
Waste Evaluation and Enforcement Branch
Department of Resources Recycling and Recovery
